ITALIANS FORCE AUSTRIANS BACK

Continue Their Advance in Albania,
Sweeping Across Entire Coun-
try, Aided by Allies

LOCAL RAIDS IN THE WEST

French Enlarge Gain Between Oise
and Marne; British Advance
South of the Somme

(By United Press.)

Rome, July 11.—The Italians, continuing their advance in Albania, are forcing the Austrians backward toward the Shkumoi river, the Italian war office announced today.

Vienna, July 11.—"We have organized our new defensive line in Albania," the Austrian war office announced today.

Paris, July 11.—French troops enlarged their gain between the Oise and the Marne, taking the village of Corey, the war office announced today. Sixty prisoners were taken.

London, July 11.—British troops again advanced south of the Somme, improving their position east of Villers-Bretonneux last night, Field Marshal Haig announced today.

It was here that the Australians and Americans advanced on July 4.

Submarines Controlled

London, July 11.—"The submarines are now controlled," Sir Eric Geddes, first lord of the admiralty, declared today, in an address.

"Fewer are operating now than for some time past. It has been changed from a hunting war facility to a hunted."

Offensive in Albania

London, July 11.—Italian forces aided by French and Albanians, together with British naval units, are sweeping northward across practically the entire width of Albania in what may be one of the most important military and political offensives of the war.

According to the latest dispatches received here, the allied troops in addition to making important gains on the 60-mile front between the Adriatic and Devoli river, are threatening the Bulgarian right wing in the vicinity of Monastir, 115 miles from the sea.

The main military objective of the allies evidently is the old Roman road connecting Monastir with the sea at Durazzo, possession of which would permit free movement of troops and supplies directly from the Adriatic into southern Servia and would seriously threaten the enemy holds on a great portion of the occupied areas of that country.

BABY FALLS FROM UPSTAIRS WINDOW

Two-Year-Old Son of Mr. and Mrs. Ora Cline of Southwest of City, Suffers Broken Leg

ALSO NUMEROUS BRUISES

Lowell Cline, the two-year-old son of Mr. and Mrs. Ora Cline who reside southwest of the city, suffered painful injuries yesterday when he fell from an upstairs window.

The child had been playing about the window and while watching something on the road, became overbalanced and fell to the ground, sustaining a broken leg. The thigh bone, half way between the hip and knee, was broken, and in addition the child is suffering with numerous scratches and bruises. Physicians have been unable to locate any internal injuries and it is believed that unless something is done to look for the bones will knit readily.

CONDENMS WILSON'S PLAN

Sen. Smith Opens Opposition to War Control Resolution

(By United Press.)

Washington, July 11.—Condemning without reservation a plan which would give Postmaster General Burleson censorship over telegraph messages, Senator William Alden Smith of Michigan today opened a bitter opposition in the senate on the resolution empowering the president to take over the telegraph and telephone lines. Smith was the opening gun of the opposition. It was the first time Burleson had been mentioned openly in such strong terms on the floor of the senate in connection with the telegraph resolution.

CAPT. DOLPH HUMES PROMOTED TO MAJOR

Wins Highest Rank in Army Yet
Conferred on Any Rush County
Man—Ability Recognized

ONE OF 4 ARMY CONSULTANTS

The promotion of Capt. Dolph Humes, a former Rush county resident, to the rank of major the highest military rank yet conferred upon a Rush county man, has been announced.

Major Humes who, with the Lilly base hospital unit, landed in France last winter, was one of the most noted nerve and brain specialists in this part of the country and the effective results which his attention has brought to wounded soldiers in French hospitals have placed the former local man before the eyes of the European specialists whose talent with that of Major Humes is directed toward the reconstruction of wounded soldiers.

In addition to this promotion, he has been given the office of army consultant and is one of the four men who hold similar offices in the allied armies in France. He has a complete medical staff under command and the new duties of the major entail the supervision of four hospitals in which 6,000 patients are cared for. Consultations and the most delicate operations comprise the actual work of Major Humes.

MOVEMENT BEGUN TO OBSERVE BASTILE DAY

Ministerial Association Plans Cele-
bration of French Republic
Birth Anniversary

CHURCHES ASKED TO ASSIST

A movement was started among Rushville people today whereby the birthday of the French republic—Bastile Day—will be celebrated in the local churches on Sunday, July 14.

Dr. D. Ira Lambert, president of the ministerial association, is at the head of the preparations for the event which has met with the approval of the remainder of the association members as well as the county defense officials. Because of the short time which is left for the preparations, it is doubtful whether an out-of-town speaker can be secured for the event which, according to present plans, will culminate in the union service on Sunday evening.

The plan of having some observance of the day in every church in the county on Sunday, either morning or evening, is the desire of the association.

Sgt. Robert Humes, who has been in training at the Dayton Aviation fields for several weeks, has been transferred to a similar camp at Garden City, Ky.

RED CROSS MAKES AMAZING RECORD

Between Sixty and Seventy Thousand Garments and Surgical Supplies Completed in Year

EXECUTIVE COMMITTEE MEETS

County Quota For War Relief Garments Finished Ahead of Time—Treasurer's Report

Between sixty and seventy thousand garments and surgical dressing supplies is the record of the Rush county Red Cross chapter for the year ending June 30.

This fact became known at the meeting of the executive committee of the county organization which was held last night in the Red Cross headquarters. The meeting was called primarily for the purpose of receiving the reports of the departmental heads and for the allowance of bills.

The work under the new system by which the auxiliaries receive certain allotments each month, was discussed and the reports of the departmental heads show that the new method will prove much more satisfactory than those formerly employed when no system concerning the exact number of garments to be made was used.

The number of those in the county actively engaged in all departments of the chapter at present exceeds the number engaged at any one time since the beginning of the county activities. The speed with which they are turning out supplies is indicated by the fact that the county quota of war relief garments which was to be ready for shipment by Aug. 1 will be completed next week, which is more than two weeks ahead of the scheduled time.

The treasurer's report for the year ending June 30 was made and an auditing committee composed of Herbert Flint and Miss Anna Bonham was appointed to audit the report. In the future a monthly auditing report will be submitted to the executive committee.

COAL MEETING TO BE HELD HERE IN AUGUST

Dealers and Fuel Administrators of This District Will Hold Session in This City

A MEETING AT GREENSBURG

A meeting of the coal dealers and fuel administrators of this district is being planned for Rush county, to be held the latter part of August.

The meetings which are being held among the coal interests are doing a great deal in solving the problems which have arisen in every community with the advancing of new coal regulations. The meeting which was held in Greensburg yesterday was attended by great numbers of coal men from every county in the district. Will Tremepohl, J. P. Frazer of this city and W. A. Lord of Mays represented Rush county at the meeting. Local coal men are desirous of calling a meeting for this city and will do so as soon as a suitable meeting place can be secured.

FIRST LETTER FROM FRANCE

Mr. and Mrs. John Jordon of 216 South Pearl street, have received their first letter from their son, James J. Jordon, who has been in France for about six weeks. Before embarking for overseas service, Private Jordon was stationed at Camp Taylor, Ky., and is a member of Company C of the 334th Infantry. According to the tone of his letter, he is enjoying excellent health and is well pleased with his surroundings in the French training camp.

3 RECLASSIFIED MEN ARE PASSED

Two Others Are Rejected by Physician of Local Board and One by Medical Advisory Board

CAMP TAYLOR QUOTA HELD UP

Can't be Announced Until Another Examination is Conducted—Local Board Reversed in One Case

Three of five reclassified registrants of the class of 1917 passed physical examinations successfully yesterday and the other two were pronounced physically unfit, but the personnel of the Camp Taylor increment of forty which will entrain during the five day troop movement beginning July 22, could not be announced by the local army board today because the board had no report on the physical examination by the medical advisory board of Paul McDaniel, who will be included in the quota, providing the advisory board upholds the verdict of the physician member of the local board that he is physically fit.

James A. Hobbs and Guy Marsh were pronounced physically qualified for general military service and Stanton Cram, who had his examination transferred to Anderson, was pronounced physically fit by the board there. John W. Tiecher and Jess Stout were found to be unfit for service.

George Wiltse, who was recently moved up from class four to class two, was examined yesterday at his own request and was rejected.

Russell Ewbank, who is in class three because of being a railroad mail clerk, was examined under the same conditions and passed.

Basil Moore, who had deferred classification because he is a farmer and asked to be moved up to class one so he could go to the army, was rejected by the medical advisory board when he was examined yesterday, having previously been pronounced physically unfit by the physician member of the local board.

Fred K. Woods of Arlington was reclassified by the local board and moved up to class one from class two, but word was received this morning that the district board had reversed the local board and put him back in two.

LOCAL BOYS LEAVE TO JOIN THE NAVY

Police Notify Surrounding Towns in Effort to Locate Carroll Nipp and Loren Woods

NOT OLD ENOUGH TO ENLIST

Police authorities in all of the surrounding cities are scouring their territories today in an effort to locate Carroll Nipp, son of Mr. and Mrs. Carl Nipp, and Loren Woods son of Mr. and Mrs. Hubert Woods, who disappeared from their homes here yesterday.

Policeman Yakey received information concerning the departure of the boys last night and immediately got in touch with the authorities in the surrounding cities in an attempt to stop the boys before they left this part of the state. They were traced as far as Knightstown but after leaving that place, no clue as to the direction taken by the boys could be obtained.

That both boys who are fifteen years of age, left with the determination of joining the navy, was declared today by the parents of the boys, to be the reason for their leaving the city, and the possibility of locating them at a naval enlistment station, was entertained because of the fact that enlisted under eighteen years cannot be received without the parents' consent.

CAPTURES SMALL STEAMER

Norwegian Destroyer Takes Hanka, Prize of Hun U-Boat

(By United Press.) Copenhagen, July 11.—A Norwegian destroyer recaptured a Norwegian steamer which was being taken into port by a crew from a German submarine, according to dispatches received here today.

The submarine held up the small steamer Hanka 100 miles southwest of Christiana. As the Hanka was being taken toward the German coast, a Norwegian destroyer appeared and started in pursuit. She overtook the Hanka and brought her back in port.

SOLDIERS OF SEA INVADE CITY TODAY

Two Marine Corps Sergeants Arrive to Remain Four Days to Get Recruits For Service

DEMONSTRATION FOR TONIGHT

Sea soldiers invaded Rushville this morning for a four days stay, during which time they will carry on an intensive recruiting campaign for the marine corps.

Sergt. Russell Moncrief and Sergt. James Barnegrover represent the marine corps and through the cooperation of V. Canares, advance agent of the Mae Taff stock company, a patriotic demonstration and parade has been planned for this evening in the downtown district of the city.

The fire department and numerous Red Cross leaders will turn out for the demonstration, which will end in addresses by the marine representatives who are endeavoring especially to obtain enlistments among college and high school graduates to fill vacancies for commissioned and non-commissioned officers.

"We have got to have some more of the Devil Dogs as the Boche calls us," declared the marine representatives who are obtaining scores of enlistments in Indiana. "Members of our corps have been and are in the thickest of the fight and with the motto 'Semper Fidelis,' are striking terror into the hearts of the enemy."

STATE ARRANGES TO REGISTER SOLDIERS

Commission of Four is Appointed For This Purpose by Governor Goodrich Today

TO BE QUALIFIED TO VOTE

Indianapolis, Ind., July 11.—Governor Goodrich today appointed a commission of four men to have charge of registry and procuring the balance of Indiana's 30,000 men in the army and navy at the November election. The commission consists of the following: Thomas Honan of Seymour and Fred Hoke of Indianapolis, democrats; Fred Ewing, Princeton, and Charles Koerner of Indianapolis, republicans.

Adj. General Harry Smith was asked to furnish the commission with the names of all men of the state in service.

Maj. Robert Baltzell, state conscription officer, was requested by the governor to direct local conscription boards to furnish a list of men who will be called into the service before November.

INFLUENZA GRIPS KAISER

Rome, July 11.—Emperor William himself has fallen a victim to the influenza that has been so prevalent in the German army, according to advices from a Swiss source that have reached the Epoa. These declare that the Emperor has gone

The company also has a plant at Louisville, Ky., where tractors and pleasure cars are manufactured, but because of their inability to expand there, the pleasure cars will be made in Rushville, according to representatives of the company here. Tractor parts will also be manufactured here, it is stated.

The tractor is different from any other in that it can be drawn from the implement or vehicle being

WEDNESDAY IS TO BE RED CROSS DAY

President J. E. Pierce of Kenyon College Will Deliver Address Aug. 7 at the Chautauqua

RECENTLY BACK FROM FRANCE

Season Tickets, Which Will Sell For \$1.50 as Usual, Will be Put on Sale Soon

Wednesday, Aug. 7 has been set aside by the program committee of the Rush County chautauqua as Red Cross Day who announced today that they have secured President J. E. Pierce of Kenyon college to deliver the address.

In the speaker which the committee has secured, they have found all of the qualities which made up an ideal feature for the Red Cross Day. Professor Pierce has recently returned from France where he made a thorough study of the Red Cross work and spent several weeks visiting the hospitals and living under the same conditions as hundreds of other Red Cross men are living.

With each day, new details in the program develop which result in the committee declaring that the 1918 program will doubtless surpass any of former years. The Ladies Orchestra, of Chicago, the musical entertainers who have been doing chautauqua work for eight years, will appear on the program both at the afternoon and evening session of Thursday, Aug. 8.

The committee has announced that the season tickets, which will sell as in former years at \$1.50, will be placed on sale within the next five days and may at that time be obtained from any of the guarantors and in the downtown stores.

Chief Caupolican, who delighted the chautauqua visitors two years ago, will again appear on the program this year. Because of his great popularity and the disfavor with which his appearance in the afternoon was regarded generally, a night engagement has been secured for Thursday. He is one of the most notable representatives of the Indian race on the American platform and aside from ranking as a man of affairs in the Indian world of the country, he is considered one of the best orators, singers and entertainers on the chautauqua platform this year.

Utility tractor is brought for display

Product of Automotive Corporation, Which Will Build Pleasure Cars Here, on Exhibition

DEMONSTRATION ON SATURDAY

One of the utility tractors made by the Automotive corporation, which plans to build pleasure cars here in the plant formerly occupied by the Modern Appliance company, arrived here last night and a demonstration will be made to an audience of farmers Saturday. The tractor weighs a ton and a half and was brought here on a motor truck from Napoleon, Ohio, where it is built.

The company also has a plant at Louisville, Ky., where tractors and pleasure cars are manufactured, but because of their inability to expand there, the pleasure cars will be made in Rushville, according to representatives of the company here. Tractor parts will also be manufactured here, it is stated.

The tractor is different from any other in that it can be drawn from the implement or vehicle being

UKRAINE IS IN A STATE OF REVOLT

Peasants Are Fighting Germans Because of Surrender of the Land to the Landlords

HUNS SEND IN 35 DIVISIONS

(By United Press.)

Stockholm, July 11.—Ukraine is in a state of revolution, according to dispatches received here today. The Germans are pouring in reinforcements who now have reached a total of 35 divisions.

The peasants have small armies of about 20,000 each well armed with artillery and machine guns. These are defending the villages and whole sections of the trenches.

The fight is not of a political character but is due chiefly to the surrender of land by the Germans to the landlords.

This revolution in Ukraine, together with the increasing power of the Czecho-Slovaks in the east, necessitating diversion of considerable German forces, may account in some measure for the delay in resumption of the west front drive.

JONATHAN COLCORD DIES

Jonathan Colcord, age seventy years, died last night at the home of George Robb, 1021 North Benjamin street, and the funeral will be held at the residence tomorrow morning at ten o'clock, with burial in East Hill cemetery. The deceased was a bachelor and had no near relatives.

An eight and one-half pound girl was born to the wife of C. M. George at their home in North Main street last night.

Worse Than The Huns

The guns of the Huns will probably never kill as many Indiana citizens as did a single preventable disease during the year 1917. Statistics just issued by the State Board of Health show that 3,980 Hoosier men and women died last year of tuberculosis.

Indiana has but 379 sanatorium beds for the care of tuberculosis patients and a total of more than 30,000 sick of this disease at the present time. Many Indiana counties will refer to their citizens this fall the matter of whether or not sanatorium care shall be provided for those within their county limits afflicted with tuberculosis.

Counties have to face not only the responsibility for the care of the tuberculosis among their civil population but also for the care of soldiers discharged from the army on account of this disease after having served less than three months. 335 Indiana men have been so dis-

charged during the past year and they are not entitled to government care on account of the short term of their service. They must be cared for in their home communities. Tuberculosis experts and nurses from America are now endeavoring to help France stem the tide of tuberculosis infection which is sweeping that country. If we would avoid the experience of France the wall of resistance, in which sanatoriums, dispensaries, public health nurses, open air schools, etc. form important parts, must be built now.

Had a Wholesome Effect

Few committee reports excite more interest among members of Congress than that made by the Senate Military Affairs Committee on the state of the Government aeroplane program. This is the first of

DR. CHASE'S Blood & Nerve Tablets
Weigh Yourself Before Taking
These Tablets increase the Appetite, Aid Digestion, and Build Up the Emaciated, Convalescent, Old Age, and Nervous. They are especially valuable as a tonic, when the vitality is at its lowest ebb.
They are different from the usual preparations of iron as they do not constipate the bowels nor injure the teeth.
Price 25 Cents. Special 50 Cents
United Medicine Co., 228 N. 5th St., Philadelphia, Pa.

The first item in our program for "industrial and commercial relief" for Russia is announced as a shipment of fifty thousand pairs of shoes. Their usefulness can be greatly enhanced if they are employed in kicking the Bolsheviks out of power.

Since the passage of the \$21,000,000 bills for military expenses, the United States government has the world's record for spending. It is up to us to back the government up by having the world's record for saving.

Judge Ben Lindsey of Denver, returning from Italy, tells the good people of Paris that he is much impressed by what Italy has done. We understand that the Austrians feel that same way about it.

The other day King George of England ate buckwheat cakes with maple syrup for the first time at a Y. M. C. A. hut, and pronounced them a breakfast fit for a king.

Amusements

Charles Ray Here Tonight

Charles Ray will be at the Princess tonight in what is termed a typical Ray picture "The Hired Man." Lovers of Mary Pickford are looking forward to seeing her tomorrow in "Miss," in which she appears to the best of advantage. The Princess has announced the famous feature picture, "Pershing's Crusaders," for next Monday and Tuesday. This picture only lately was shown at the Circle theater in Indianapolis and elicited wide and favorable comment. As the title indicates, it deals with the American expeditionary forces and their wonderful record in their conquest against the Hun.

Barrage

The Horse Slayers

By CHARLES E. DRISCOLL
The Huns come swooping from the sky.
They know no fear tonight;
They drop their bombs where sick men lie;

Then wheel away in flight.
They kill a nurse, they wound a man;
They make the dying bleed,
And Wilhelm cries: "My boys, you've

done
A brave and gallant deed!"

Forward with God! If you can toss
A ton of T N T
Into a school, the Iron Cross
Shall pay your bravery!"

Poor Germany! The ages long
Twixt now and Judgment Day
Shall not obliterate this wrong,
Nor wipe your crimes away!

Not all the tears that you shall shed
In that long, inky night
That's looming for you just ahead!
Can wash your red hands white!

Official report that has come from that committee as a result of their extended investigation of the War Department, although much information concerning their work has been given in speeches by various members of the committee. The report is impressive by reason of its concise and unadorned statements of fact, all contained in four printed pages. The committee rendered a patriotic duty to the country in thus setting forth the weaknesses of one branch of its military system, and it is to be hoped that similar reports covering other phases of our war work, will be forthcoming. They are the only means whereby the people can secure accurate and uncensored information of what is being done with the money they have so liberally subscribed. The startling disclosures made by the Military Affairs Committee will be thoughtfully studied by the people of the country, perhaps more than any other one thing.

The first item in our program for "industrial and commercial relief" for Russia is announced as a shipment of fifty thousand pairs of shoes. Their usefulness can be greatly enhanced if they are employed in kicking the Bolsheviks out of power.

40-Year Farm Loans are Repaid With Little Effort

WHICH would you rather do: Borrow \$1,000 for five years, paying \$60 a year interest, and then renew again and again and at the end of the last renewal still owe the \$1,000—or—would you rather borrow \$1,000, pay \$66.46 a year and at the end of 40 years NOT OWE ANYTHING?

The two plans suggested above show what the small additional sum of \$6.46 each year will do under our new Government plan of lending money on farms for 40 years. When you pay merely the interest on \$1,000 for 40 years, the total of your payments is \$2,400 (at \$60 a year) and you still owe the \$1,000. Under our plan your total payments for 40 years amount to \$2,658.40 (\$66.46 a year)—and you have paid the \$1,000 principal as well as the interest.

Under Government sanction, our joint stock land bank is lending money on Indiana and Illinois farms for 40-year periods. This long period protects you against the expense and risk of renewals incident to loans of 5 years or less.

The borrower will pay \$66.46 annually for each \$1,000 he borrows, the interest rate being 6%.

This annual payment includes interest

We are ready to receive applications for and make loans of this character through the Fletcher Joint Stock Land Bank, which is the only one in Indiana. We will be glad to have your application, or to consult with you and furnish any other information that may be desired. Call and see us.

All Goods Purchased at Reductions Are For Cash Only.

Society

Honoring their house guest, Miss Ruth Bookwalter of Chicago, Will Jay, assisted by the Misses Elizabeth and Florine Gronier, entertained with an informal party yesterday afternoon and evening. Twelve guests were entertained in the afternoon at the residence in North Main street and in the evening were taken to the picnic grounds six miles north of the city where supper was served. The closing event of the affair was a theater party. The guests included the Misses Josephine Scholl, Muriel Kelly, Elizabeth Pierson, Mary Louise Wyatt, Janet Dean, LaVenna Compton, Frances Bowen, Reba Beale, Leatha Higgins, Marjorie Clark, Jean Sparks and Phyllis Casady.

* * *

A party of twelve girls motored to the home of the Misses Jessie and Mary Anderson, south of the city last night where they were entertained with a pitch-in supper and slumber party. The splendid feast was spread in the dining room at six o'clock, when the table was beautifully adorned with summer flowers. The guests enjoyed a social time following the supper. The party included the Misses Helen Sander, Harriet Vredenburg, Fanny Stiers, Mayme Hiner, Nettie Clark, Belma Clark, Marie Clark, Wanda Wyatt, Alma Green and Mrs. Nora Arbuckle, Mrs. Edith Ashworth and Mrs. Beatrice Carter.

* * *

The members of the Young Ladies Mission Circle were entertained by Mrs. Ida Barringer, last night at her home in North Perkins street. The usual business hour was taken up with preparations for the coming year, consisting of determining their aims both in membership and aid to the various mission activities. There was no definite program as usual, but a general discussion of the work of the Circle, and plans were made for attending the Bethany Assembly, which will take place during the latter part of this month and the first part of next.

* * *

At the regular meeting of the W. C. in the G. A. R. room in the court house yesterday afternoon, quarterly reports were the main feature. Reports of the different committees on various activities, were read and discussed, also notes on the Fourth of July picnic were collected and recorded by the secretary. Work was scheduled for this meeting but although there was a large attendance of members, the candidates from this city and Milroy did not come and the work had to be postponed.

* * *

Knitting formed the principal occupation of the members of the Happy-Go-Lucky club, who were entertained by Miss Emma Blackledge, at her home in North Harrison street, yesterday afternoon. Among the articles in the process of completion, were many sweaters which will go to the club's contribution to the large Red Cross quota for this winter. At six o'clock a splendid supper was served to the guests in the dining room, when the table was artistically arranged with huge baskets of daisies.

* * *

Mrs. Harry Kramer was hostess to the members of the Young Women's Missionary society of the United Presbyterian church, yesterday afternoon at her home in West Third street. A short business session opened the meeting, after which the usual interesting program was given. Mrs. J. T. Aiken discussed in an instructive manner, the subject, "Our Churches on the Pacific Coast," and a paper, "The Italian Missions in Our Church," was read by Miss Florence Elliott.

* * *

Mr. and Mrs. Raymond Hargrove entertained at dinner at their home

Social Calendar

Friday

- Friday Bridge club with Mrs. Guy Mulbarger in North Harrison street, in the afternoon.
- Meeting of the members of the Social Club, in the evening, in the club rooms.
- Glenwood Embroidery club with Mrs. Ray Bever in the afternoon.

in West Seventh street, last night, honoring Mrs. Erda Pack and daughters Alice and Mildred, of Pueblo, Col., who have been spending the summer in this city as the guests of relatives and friends. The table, set in the dining room, was adorned with summer flowers, when covers were laid for Mrs. Pack and daughters, Dr. and Mrs. Verl Beabout and Miss Lois Fritter.

* * *

There will be a call meeting of the members of the Social Club tomorrow evening at the club rooms in North Morgan street, for the purpose of deciding in regard to the disposal of the furnishings of the rooms. All members are urged to be present.

* * *

The members of the Friday Bridge club will be entertained by Mrs. Guy Mulbarger, at her home in North Harrison street, tomorrow afternoon.

* * *

Mrs. Ray Bever will be hostess to the members of the Glenwood Embroidery club tomorrow afternoon, at her home in Glenwood.

* * *

The choir of the First Presbyterian church will meet in the church tomorrow night for rehearsal.

ACTIVITIES OF RED CROSS INCREASING

Auxiliaries Are Busy Making up Their Share of County's Quota on Many Garments

RIPLEY SPENDS \$70 FOR YARN

In all the different auxiliaries of the county, Red Cross activities are increasing. Winter knitting is being commenced and chapter headquarters are buzzing with the noise of sewing machines, working hard to finish their share of the garments, which will go to make up Rush county's quota.

Those belonging to the Ripley township organization have shown that they have been especially active, for they have announced the purchase of \$70 worth of yarn which they are going to knit into the most needed articles and send them to the boys in service, giving the credit to the Ripley township women, most of them Red Cross members, independent of the auxiliary.

PRESIDENT VETOES BILL

Disapproves Short Line Railroad Bill Passed by Congress

(By United Press)

Washington, July 11.—The president today vetoed the short line railroad bill which would put under government supervision and control all railroads operating in the country. In his message sent to the senate, the president called attention to the fact that there were more than 1700 such lines in the country, many of which were built and are controlled by various private business interests.

BANDITS ARE SURROUNDED

Posse Expects to Capture Robbers Who Held up Train in Kansas

(By United Press)
 Paoli, Kas., July 11.—Bandits who held up the M. K. and P. Texas special at Koch, Kas., last night were reported today to be hiding in a wood 10 miles south of Paoli. Nearly 200 officers and armed citizens were trying to surround them. A battle was expected. Three persons were shot by the bandits. All will recover.

A SURE REMEDY FOR SOUR STOMACH AND CONSTIPATION.

A few minutes after taking Pepsinco, sour stomach is relieved. No gas, misery, or heaviness bothers. Follow a few meals with Pepsinco and a natural, normal bowel action will be the result.

Pepsinco acts quickly and is safe and sure. It digests perfectly all that is eaten. The stomach is a peculiar organ. It will not allow an overdoing. It cries out when it is worked too hard. It sends a wireless for help and it behoves every one to watch for the sign.

Pepsinco is the best remedy for any ailment of the stomach and positively regulates the bowels without any harmful effect. Pepsinco does not act on the bowels in the manner of a cathartic. Take Pepsinco if you have any of the symptoms of poor digestion. Pepsinco carries out nature's method thru its positive digestive action. A small package gotten at any drug store will prove our assertion. Ask for Pepsinco and get it. Fully guaranteed.

Fourth Liberty Loan

5% PER CENT
LIBERTY LOAN ANTICIPATION
U. S. CERTIFICATES OF INDEBTEDNESS
DATED JUNE 25, 1918—DUE OCTOBER 24, 1918

The Banks of this country have been called upon by the Treasury Department of the U. S. Government to purchase Certificates of Indebtedness in anticipation of the Fourth Liberty Loan. This bank, believing it to be its patriotic duty to respond to this call, will take its full quota of these Certificates from time to time as the Treasury Department needs funds to finance the war. To the people of this community, who have responded so loyally in purchasing past issues of Liberty Bonds and who expect to take bonds of the Fourth Loan, and to those who may desire a short-time Government investment, we recommend the purchase of these Certificates, which we will supply in denominations of \$500, \$1,000 and upwards without profit to this bank.

We will receive for safe-keeping Liberty Loan Bonds or Certificates of Indebtedness for which service there will be no charge.

SUGAR MAIL ORDER EXCELLENT YIELD CAUSING CONCERN OF WHEAT APPEARS

No State Administrator Will Prohibit Jobber Shipping From One State to Another

IF CERTIFICATES ARE ISSUED

Sugar Allotment For All States is Figured on Basis of Three Pounds Per Capita

Mail orders for sugar supplies which have caused no little concern to county food administrators along the Indiana border, hereafter must be on certificates issued by the administrator of the state into which the sugar is shipped, and such sugar will be accredited against the allotment of sugar of the state into which it is shipped. No state administrator will prohibit any jobber in his state from shipping into another state providing certificates are issued as required.

These regulations promulgated today by Dr. Harry E. Barnard, federal food administrator for Indiana and based upon telegraphic instructions from Washington, are directed mainly at the catalogue and chain-store concerns with which Indiana county food administrators have had much difficulty. A similar restriction applies to the delivery of sugar by refiners and manufacturers to the operators of these chain stores and mail order houses.

The Federal Food Administration informs Dr. Barnard that the allotment of sugar for all states is figured on the basis of 3 pounds per capita, per month and there is no apparent way by which an equitable distribution for all the states can be assured except that this basis be adhered to in all transactions, home canning and preserving requirements excepted.

Dr. Barnard is advised of the possibility of further reductions being necessary in the allotments to the five classes of consumers. In the event such action becomes necessary, retail stores, hotels, restaurants and public eating places will have preference, commercial bakers will be next eared for; then bakers and lastly class "A" which includes candy makers, soft drink manufacturers, bottlers, soda fountain operators and manufacturers of less essentials. All sugar requirements not covered by the regulations heretofore issued, will for the time being, be classed as less essentials under Class "A."

The Food Administration reiterates its limitation of 1¢ per pound profit by retailers, but says fractions may be figured in his favor. County food administrators are cautioned to issue no sugar certificates on verbal statements and no retail stores who have not handled sugar prior to July 1 will be permitted to do so now. Small restaurants that serve candy, soft drinks and lunches may not be permitted to purchases on the basis of 3 pounds for each ninety meals served except upon their proof of legitimate need for such quantity.

"We are relying largely upon volunteer co-operation to make the sugar regulations a success," Dr. Barnard said. Experience may determine that we must use discipline.

A fourth floor apartment is a fine place to produce a canned garden.

After all, ours is the best place to buy groceries because we sell good goods, give efficient service and you are sure of a saving on your purchases. The constantly increasing number of our customers is proof of this fact. In these days of high priced foods people are spending their money where they get the most for it. ELEVATORS RECEIVE MOST BEST GRAIN THRESHED IN RUSH COUNTY IN ITS HISTORY

CROP REGISTERING GOOD

Weather is Ideal and Threshing Outfits Are Working With Perfect Co-operation

Official reports which have been obtained from Rush county grain dealers indicate that the crop of wheat, which is being threshed this week is the best which the county has ever produced.

Both yesterday and today scores of wagons filled with wheat were unloaded at the elevators, representing the most notable yield in the county's history, when the number of bushels an acre as well as its grade are taken into consideration.

One of the most noticeable features of the threshing is the fact that the crop is averaging from twenty to thirty bushels an acre and in a few cases has even reached the thirty-four bushel mark, which leaves a margin of four bushels for entrance into the farmers "Thirty-Bushel" Club.

Much of the wheat is registering sixty pounds to the bushel which is standard, and although the moisture record is running rather high at present, the elevator managers stated today that this difficulty would be entirely stamped out within the next two days.

The weather is ideal for the task which surpasses all others in the rural districts at present. The heat is not oppressive, the grain is in fine condition and the supervision of the work leads to excellence in the movement of the machinery and to good speed in organization of the labor. As the threshing proceeds, it is estimated that the county's yield will establish a record, with which surrounding counties will be unable to compete.

Dr. Barnard is advised of the possibility of further reductions being necessary in the allotments to the five classes of consumers. In the event such action becomes necessary, retail stores, hotels, restaurants and public eating places will have preference, commercial bakers will be next eared for; then bakers and lastly class "A" which includes candy makers, soft drink manufacturers, bottlers, soda fountain operators and manufacturers of less essentials. All sugar requirements not covered by the regulations heretofore issued, will for the time being, be classed as less essentials under Class "A."

The boards are now going over questionnaires which were returned by the class of 1918 and classifying the men for service. That these men who are placed in class one will be called for service within a few months, is certain.

A fourth floor apartment is a fine place to produce a canned garden.

Plenty of Heat and a Big Saving of Fuel

No more bother with stoves or grates. Single register furnace heats whole home. Burns less fuel and less of it.

THE Williamson Pipeless Furnace with a single register sends generous warmth coursing all through your home. It saves the bother of stoves and grates and consumes less fuel. Burns hard or soft coal, coke or wood.

The Williamson PIPELESS FURNACE

has solved the heating question on the farm. It can be installed in old or new homes without tearing up the floors and walls for pipes and flues. It goes into the cellar but does not heat it—all the heat goes up through the register—there's no waste.

The Williamson Pipeless Furnace has proved wonderful in hundreds of farm homes. It is well-built and the strong Williamson guarantee goes with it. Come in and see one.

Dowagiac Steerable One-Horse Disc

The Dowagiac is in a class by itself, in advance of all other one-horse drills, because it is easily guided. The front wheel is a caster wheel permitting a short turn without lifting the drill and making steering between crooked rows easy. The Dowagiac five disc is self-guiding. It trails so perfectly that when the horse is driven midway between the corn rows the driver need not touch the handles and at the ends of rows the drill follows the horse in making the short turn.

COME AND SEE IT.

SPECIAL UNITS ARE FORMED AT SHELBY BARBERRY BUSHES BEING REMOVED HERE

Soldiers Unit For Overseas Service Are Being Grouped in a Development Battalion

WILL FIT IN OTHER PLACES

Hattiesburg, Miss., July 11—Hundreds of soldiers in the 38th division, unfit for overseas service, are being grouped in a development battalion. Work in the organization has progressed until officers are enthusiastic over the result.

In many units the spirit has been helped wonderfully by the removal of men whose influence has been unfavorable," said a regimental commander. "That phase of the work is important, but not the most important. Many men with physical defects are being coached for work as necessary as fighting, and officers in charge of the battalion have opportunity to investigate each case and fit each man into the most useful niche."

It is not fair to assume that any man transferred to the development battalion is at fault. Those who have special qualifications will remain with the unit only a short time. Some who have approached military duties with poor spirit will find themselves in a labor battalion within a few weeks. Still others will be released from service for work in civilian lines.

U.S. DEPT. OF AGRICULTURE

HOW TO CAN

Peas

Green peas are among the most difficult vegetables to can at home. Absolute cleanliness, quick work, attention to every detail, are essentials to success. Only young and very fresh gathered peas should be canned. Peas are best gathered in the early morning when cool. Work rapidly from the moment they are gathered. Peas should not stand after being shelled. Get them into the previously boiled jars as rapidly as possible. Shell and sort, putting only peas of the same size and degree of ripeness together. Do not use hard, mature peas among tender ones or big peas with very small ones.

Blanching (dipping into hot water) is very important. If well done, it prevents cloudy liquor, makes the peas tender, and also removes some of the gluey substance which coats them.

Blanch by dipping the shelled peas in a clean cheesecloth sack, into boiling water one to four minutes, depending on the age of the peas. Put instantly, while hot, into cold water (1-teaspoonful salt to 1 quart water) and remove after about 30 seconds.

Drain and pack to within one-half inch of the top of the previously boiled jar. If the jar is filled too full, a few peas at the top may burst and make the liquor cloudy. Add seasoning (one-third level teaspoonful salt and two-thirds level teaspoonful sugar to the quart) and fill with hot water and paddle well

to remove all air bubbles. Partially seal jars.

Processing with steam under pressure is recommended. Process pints 45 minutes under pressure of 10 lbs.

Seal immediately, cool in a draft-free place. When cold test for leaks, and store in a cool, dark, dry place.

If the intermittent boiling process is used, boil for 90 minutes on the first day, and 60 minutes on the second and third days. Before each subsequent boiling the covers must be loosened, and after each boiling the covers must be securely tightened to make sealing complete. Cool, test for leaks, and store.

If a single-period boiling process is used, place jars in the canner and boil for at least three hours. Seal, cool, test, and store.—U. S. Department of Agriculture.

Emphatically Asserts Worn Out, Lagging Men Can Quickly Become Vigorous and Full of Ambition

7 A DAY FOR 7 DAYS

Don't blame the man who is perpetually tired; his blood needs more red corpuscles and his brain and nerves are craving for food.

Given the right kind of medicine, any tired-out, inactive, lagging fellow can quickly be made into a real live, energetic and even ambitious man.

So says a student of the nervous system who advises all men and women who feel worn out and who find it hard to get up ambition enough to take a regular job to get a package of Bio-ferm at any druggist.

This is the new discovery that pharmacists are recommending because it is not expensive and speedily puts vigor and ambition into people who complain of even amounting to anything in life.

People whose nerves have been wrecked by too rapid living, too much tobacco or alcohol, have regained their old-time confidence and energy in less than two weeks.

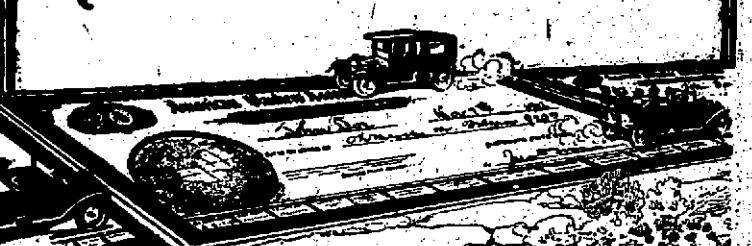

No matter from what cause your nerves went back on you; no matter how run down, nervous or tired out you are, get an original package of Bio-ferm at once. Take two tablets after each meal and one before bedtime—seven a day for seven days—then one after each meal till all are gone.

Then if you still lack ambition; if your nerves are not steady and you haven't the energy that red-blooded, keen-minded men possess, your purchase money will be gladly returned.

Note to Physicians: There is no secret about the formula of Bio-ferm. It is a blend on every plan. Give it in: Leathin, Calcium, Glycogen, phosphate; Iron; Potassium; Manganese; Peptonate; Ext. Nux. Vomica; Powdered Gantian; Phenolphthalein; Cerasin; Capsicum; Kola.

"A. B. A." Cheques level the way for the traveler

These Cheques are particularly convenient for the motor tourist. Since they are accepted like cash by hotels, auto supply dealers, merchants and railroad companies, in payment of bills and services, the owner does not have to wait until banking hours before using them. The only identification needed is the countersignature of the owner in the presence of the person accepting the Cheques.
